Prescription Prepayments

You can prepay the NHS for your prescriptions which may make them cheaper.

You can cover all of your prescriptions for 3 or 12 months, no matter how many you need

A prescription costs £8.40 per item, but a prescription prepayment costs:

- £29.10 for 3 months
- £104 for 12 months (or 10 instalments of £10.40)

If you are going to buy 4 prescription items or more in the next 3 months, it may be cheaper to buy a prescription prepayment.
